

## Free WiFi at the fair

analytica offers you free wireless Internet access (WiFi) at the Messe München trade-fair center. Bandwidth is up to 1.5 Mbit per second.

Messe München is offering free wireless Internet access to all visitors at the trade-fair center. Availability is based on the halls, entrances and atrium areas that are being used for the event in question. Bandwidth is up to 1.5 Mbit/sec. Reception quality and signal availability depends on structures, exhibits and other sources of interference in the halls and can not be guaranteed. Download volume is limited to 50 MB per user per day. To use this feature, you need a WiFi-capable terminal device.

### It works like this:

- Switch on the WiFi function on your terminal device.
- Search for wireless networks and connect to the messeWifi network.
- Start your Internet browser.
- Enter any Internet address.
- The portal page of the free WiFi will appear on screen.
- Once you have accepted the General Terms and Conditions, you may access the Internet.
- You only need to register one time during the entire event.

**Please note:** Availability is based on which halls, entrances, adjacent Atrium areas and other areas are being used for the fair. Bandwidth is up to 1.5 Mbit / sec. Reception quality and availability depend on structures, exhibits and other sources of interference in the halls and cannot be guaranteed.

- Stay in contact via Twitter, LinkedIn, Xing or with the analytica newsletter
- analytica conference and supporting program
